ARMY SERVICE FORCES CATALOG

SIG 7-CE-13

SIGNAL SUPPLY CATALOG

Organizational Spare Parts for Pack Equipment CE-13

SIG 1, Introduction, is published as a guide to all sections of the Signal Supply Catalog. An explanation of the purpose and use of each section, requisitioning instructions, sample Property Issue Slips and Requisitions, are a part of its contents. A copy of SIG 1 should be in the possession of every user of any part of the Army Service Forces Signal Supply Catalog.

The SIG 7 pamphlet is normally divided into two sections, listing in Section A the authorized maintenance parts for first and second echelon organizations and in Section B, the basic issue items for the complete equipment. In this pamphlet the basic issue list, together with the running spares, contains all the items for which spares are provided and hence the usual Section A is not required. The basic issue list contains the parts for a complete operating unit.
